BUILDING YOUR DREAM CAFE? THE MENU IS NOT STEP ONE. HERE'S THE 7-STEP CHECKLIST BEFORE YOU SPEND A RUPEE.

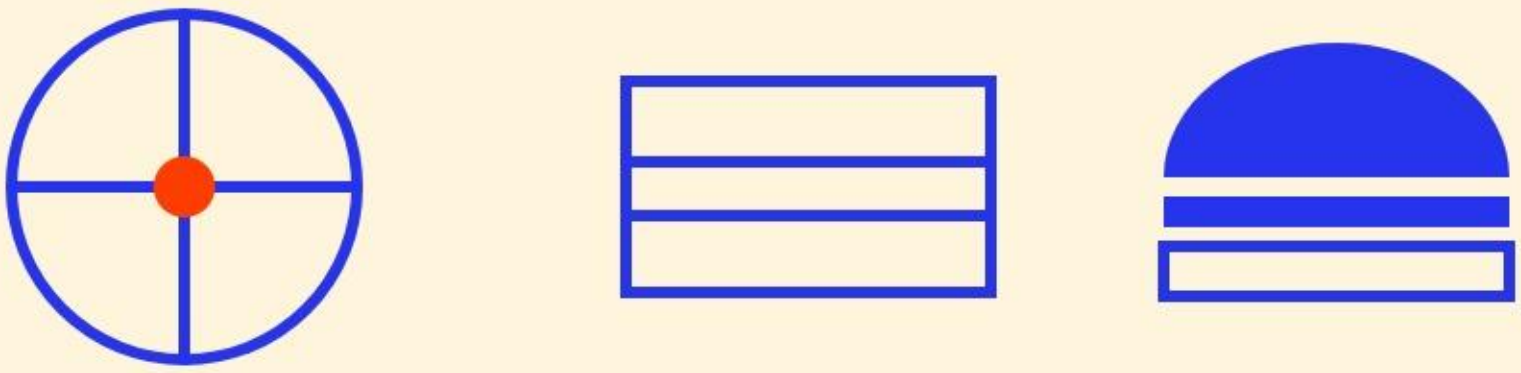

SWIPE FOR THE CHECKLIST, IN THE RIGHT ORDER

01.

DEFINE YOUR CUSTOMER FIRST

Who walks in, when, and what will they pay? Concept, menu and decor follow from this.

02

TEST RENT AGAINST REALISTIC SALES

Model monthly rent as a share of sales you can actually expect, before you sign a lease.

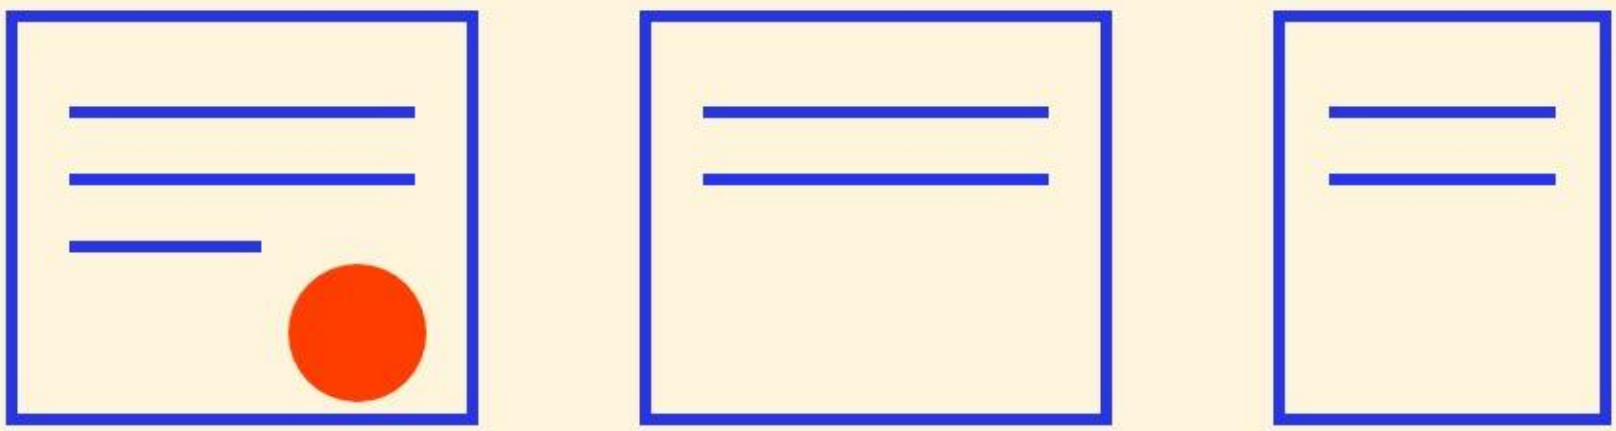

03.

LINE UP YOUR LICENCES

FSSAI plus the local registrations your city requires. Check what applies to your location before you start.

04

COST THE MENU BEFORE PRICING IT

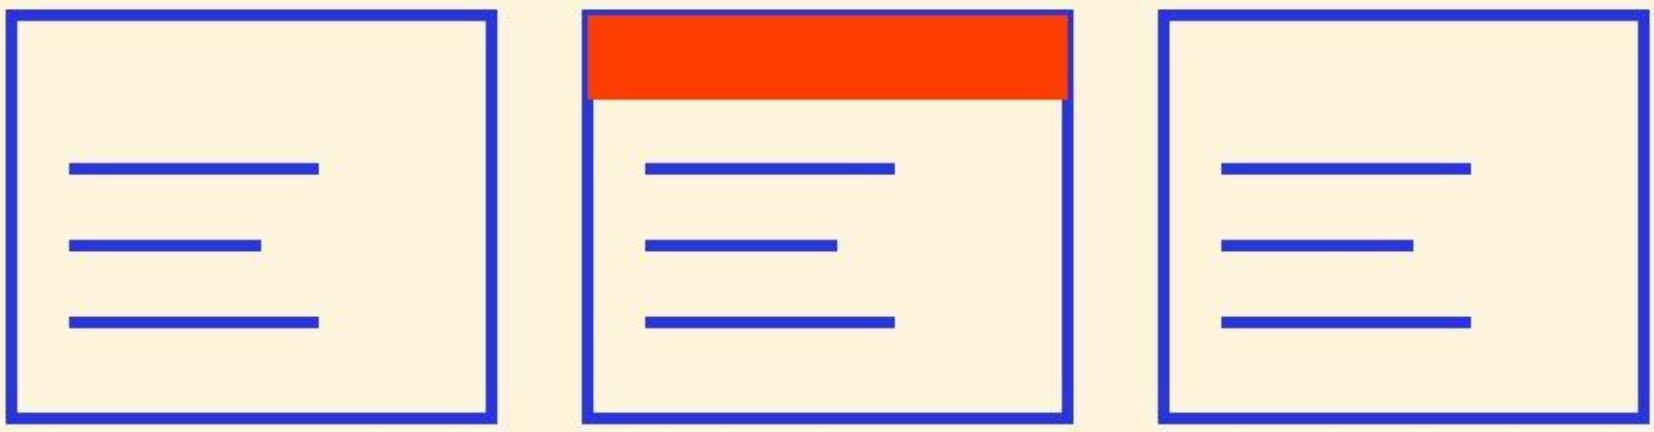

Plate cost first, then price from your target food cost. Never the other way round.

05.

GET QUOTES FOR EVERY MACHINE

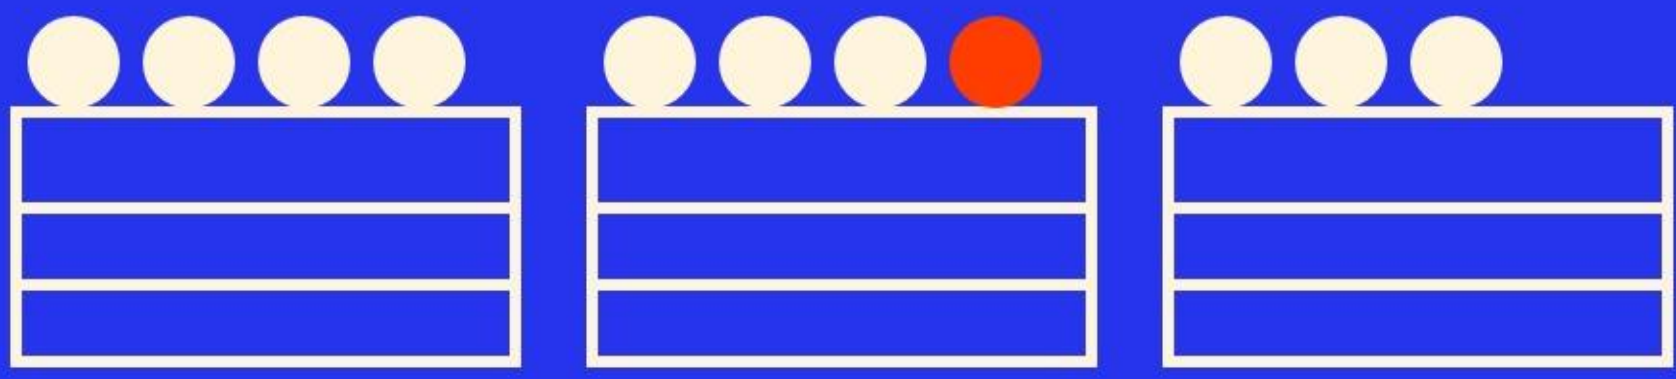

Compare 3 quotes on the same specs, with running cost, warranty and service terms.

06

FIX SUPPLIER RATES AND TERMS

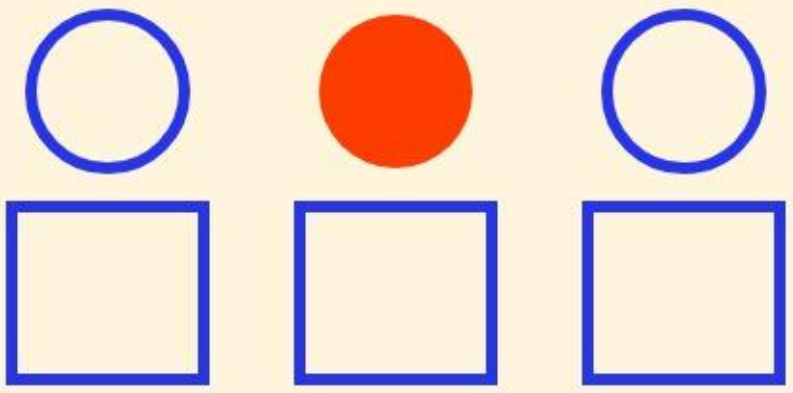

Agree rates, delivery days and payment terms in writing. Re-check them every month.

07.

TRAIN THE TEAM AND KEEP A BUFFER

Write simple SOPs, train before opening day, and keep cash aside for the slow early months.

ORDER MATTERS: COST FIRST

Customer, rent and plate cost decide whether the dream pays for itself.
